# Company Profile

*Standard Engineering Service is a leading manufacturer of Sheet metal items in West Bengal with a legacy of more than 25 years in the heavy engineering industry. The organization with a state-of-the-art it spread over a wide range of world class equipment for the global market.*

*Rooted in aesthetic manufacturing and product quality assurance values, the Engineering and Fabrication Unit delivers products well within time to meet supply demands and has brought satisfaction to customers all over. At the helm of SES lies a dedicated leadership with a team committed to quality and continuous improvement, that puts effort in fostering value in human care, value engineering and product quality enhancements. Product manufacturing and processing is done based on the 4MQ concept covering the verticals of Man, Machine, Method, Material & Quality with stress on impeccable engineering designs and coordinated team effort.*

*Standard is committed to provide a holistic environment in the work field where every member has the opportunity to hone their skills and enhance their potential in order to achieve the overall growth of the company. Some of the specialized products of SES are Chassis Cabin, Super Cabin, Tank, Aluminum decking, Engine Cowl, Ladder, Fender, different types of sheet metal components and fabrications.*

# Why Standard

Product : With a legacy in manufacturing quality products that match international benchmark, we are committed to cater industry standards. Cabins are made with GP sheets and MS Sheets. Hydraulic tanks & Fuel tanks are made with CRC sheets, Fenders are manufactured using either aluminium checker plates or Galvanized iron sheets, Engine cowls are manufactured using Galvanized iron sheets. Our dedicated team of designers use industry standard designing software for cutting-edge material drawing and development in both 2-dimensional as well as 3 dimensional design.

Joining Hands : "If you take care of your people, your people will take care of your customers and your business will take care of itself" - JW Marriot. We at SES believe that every team flourishes on inclusivity, mutual respect, care and bonding between its members. We highly value our employees, suppliers, vendors and customers who make up our huge SES family and are committed to fostering lasting relationships that endure over time. Customer satisfaction is a key priority for us and our team is dedicated to put a smile on their faces.

Manufacturing Excellence : At Standard Engineering Service we ensure quality product manufacturing practises and best return on investment for our customers. We majorly deal in different types of sheet metal and plate jobs as well as different aluminium products. Our specialised products in this segment being Super Cabin, Chassis Cabin, Engine cowl, Fender, Project related works, Hydraulic & Fuel tanks etc.

Service : After product designing, utmost care is given towards final product assembly and production. We believe that happy customers make the most important brand value of our products and therefore we are committed towards our customers, ensuring on time delivery, dedicated customer feedback and after sales service.
